

SMITH Trade Print Service Terms & Conditions

Print Quantity

All enquiries must include a minimum print run quantity of 15 linear metres. It is important to note each print run must be 15 linear metres per media, and not the total meterage rate of the project. Unfortunately, we will not be able to quote for projects under 15m.

Artwork Files

All artwork files supplied must be finalised, nested, and print ready. We will not be able to edit or make changes to artwork files supplied.

File types required include EPS, PDF, and TIF.

Scheduling

We endeavour to turnaround your project as quickly as possible, however, lead times may vary depending on capacity. Please check with the sales office at the point of order for information regarding confirmed delivery times.
